

UPHOLSTERY CLEANER

Product properties:

Upholstery Cleaner is a high-activity cleaner for the entire vehicle interior. Even oily and greasy stains can be removed without any problems. The product is kind to material and hinders the recontamination of the treated surfaces.

Areas of application:

Upholstery, roof lining, door linings, carpets etc..

Instructions for use:

The cleaner can be sprayed directly onto the soiled areas or applied using a cloth or sponge. It is then left to work for approx. 30 sec. Stubborn stains can be treated with the help of a brush. Vacuum the treated areas thoroughly or remove the solved contamination with a suitable cloth after treatment.

Note:

Not suitable for leather!
Keep out of reach of children.

Consumption per application:

5-30 ml depending upon degree of pollution.

Working time:

Approx. 30-60 sec..

pH value in the concentrate:

7
